

Municipality Allocation Status

Below is a list of municipalities and their prize fee status according to Texas Lottery Commission's (Commission) records. Please note as amended by House Bill 914, 86th Legislature (HB 914), Bingo Enabling Act Section 2001.502(c) allows a local government to vote again any time after November 1, 2019 to discontinue the imposition of prize fees, in which case organizations in that jurisdiction will retain the amount previously due to the local government for charitable distribution. Organizations should contact their local governments or Bingo Services if they have any questions about a jurisdiction's prize fee structure. Local governments with a listed rescind date of 11/30/19 failed to notify the Commission by the deadline imposed by Section 11 of HB 914.
