Customer Service Performance Measures*

TEXAS LOTTERY COMMISSION

2024 REPORT ON CUSTOMER SERVICE

The Texas Lottery Commission administers and markets lottery games to generate revenue for the state of Texas and regulates charitable bingo-related activities in the state of Texas. The agency's mission statements reflect our commitment to maintaining the public trust and operating with full accountability to the citizens of Texas.

AGENCY MISSION

Texas Lottery: The Texas Lottery is committed to generating revenue for the state of Texas through the responsible management and sale of entertaining lottery products. The Texas Lottery will incorporate the highest standard of security, integrity and responsible gaming principles, set and achieve challenging goals, provide quality customer service and utilize a TEAM approach.

Charitable Bingo: Provide authorized organizations the opportunity to raise funds for their charitable purposes by conducting bingo. Determine that all charitable bingo funds are used for a lawful purpose. Promote and maintain the integrity of the charitable bingo industry throughout Texas.

REPORT ON CUSTOMER SERVICE

In keeping with our Compact with Texans, approved in April 2000, the Texas Lottery Commission believes the performance and attitude of its staff directly impact the attitude of its customers toward the agency. A key to our continued success is establishing and reinforcing an image of staff as helpful, knowledgeable, informative, courteous and efficient professionals.

We maintain outstanding customer satisfaction levels and enhance public confidence by providing quality customer service.

I. EXTERNAL CUSTOMERS AND SERVICES PROVIDED

A. Customers

The Texas Lottery Commission's external customers include lottery and charitable bingo players, lottery retailers, charitable bingo licensees, vendors and the general public.

Lottery and Charitable Bingo Players

The Texas Lottery® player base consists of adult Texans 18 years and older, as well as similarly-aged players from surrounding states and Mexico who travel to Texas and purchase Texas Lottery tickets. The charitable bingo player base consists of adult Texans 18 years and older; however, it is not required that a bingo player be 18, if accompanied by a parent or guardian.

Lottery Retailers

Lottery retailers represent the key delivery channel through which the agency sells tickets to generate revenue for the state. To achieve the agency's mission of generating revenue to support Texas education and veterans' assistance programs, it is critical that lottery products are conveniently and widely available at a variety of locations where a broad diversity of consumers are offered the opportunity to purchase lottery tickets. The Texas Lottery had 21,025 licensed retailers statewide offering lottery products at the end of FY 2023. Although the retailer base contains a variety of trade styles, convenience and grocery stores are the dominant lottery segments in Texas; both are considered to be traditional lottery trade styles. Together, these two categories comprise 78% of licensed locations and over 94% of Texas Lottery sales.

The Texas Lottery is invested in growing the licensed retailer base through sustained and strategic recruitment efforts allowing for greater product accessibility for the public and the potential for increased revenue to the state. As the retailer base is ever-changing, with multiple sales and acquisitions of locations, the Texas Lottery continues to streamline the licensing process to make it easier for retailers to meet licensing requirements and to maintain updated records. Examples of agency initiatives include offering retailers the option to submit new license applications, license renewals and general information updates via the internet. There is also an ongoing effort to consolidate license expiration dates so that all licenses for multi-location retailers have a common renewal date. The Texas Lottery also has created retailer-focused, web-based services to provide lottery financial and ticket inventory reporting to retailers. Working with retailers and industry associates to standardize lottery financial statements is a continuing initiative.

Charitable Bingo Licensees

The Charitable Bingo Operations Division (CBOD) licenses bingo conductors, lessors, manufacturers and distributors. In CY 2023, there were 1,331 bingo licensees. Of these, 988 were charitable bingo conductors in Texas, including nonprofit organizations such as veteran organizations, religious societies, fraternal organizations, volunteer fire departments, and groups supporting medical research programs. There were 309 commercial lessors, which are individuals, corporations, authorized organizations, or associations of authorized organizations that lease property where bingo is conducted. There were 21 manufacturers and 13 distributors of bingo products.

Texas Citizens

Texas citizens benefit from the creation of jobs resulting from the conduct of the *Games of Texas*. Texas families benefit from the Texas Lottery's net revenue contributions to the Foundation School Fund, which totaled more than \$31 billion through FY 2023 and from lottery prize money that is returned to the state from winners who are delinquent in child support payments, student loan payments, or other taxes and monies owed to the state.

In addition, from FY 1995 through FY 2023, more than \$1.5 billion in unclaimed Texas Lottery prize funds reverted to the state to be appropriated for health care and other programs authorized by the state legislature.

The Texas Legislature enacted legislation in 2009 requiring the agency to create and sell a scratch ticket game to benefit the Fund for Veterans' Assistance, which is managed by the Texas Veterans Commission. The agency now offers a veteran themed scratch ticket games annually in support of the fund. Other non-veteran themed scratch tickets that support Texas veterans are released throughout the year based on sales levels and inventory needs. Additionally, funds from unclaimed prizes in scratch ticket games benefiting veterans also support the Fund for Veterans' Assistance. Since the introduction of the first game in FY 2010, these games have generated more than \$221 million in revenue through FY 2023.

Since the first licenses were issued in 1982, charitable bingo has had positive benefits for charities, players, and state, county and municipal governments in Texas. Local jurisdictions benefit from charitable bingo activity through allocations derived from charitable bingo prize fees. Charitable bingo in Texas benefits a wide range of charitable causes, including veterans' organizations, women's shelters, needy children, the disabled, homeless shelters, churches, schools, local libraries, museums, addiction treatment programs, medical treatment and research programs, emergency medical services, volunteer fire departments, senior citizens groups and education scholarships. Through end of calendar year 2023, cumulative gross receipts from the conduct of charitable bingo are approximately \$26.7 billion. For the same period, bingo prizes awarded are approximately \$19.9 billion. The total amount of reported charitable distributions from the conduct of bingo are approximately \$1.35 billion.

B. Services Provided to Customers

Texas Lottery Helpline (800-375-6886)

The Texas Lottery's Retailer Services Department responds to customer contacts through the toll-free helpline. Helpline staff answer questions about retailer licensing, retailer accounting and general regulatory issues. They answer questions from the general public and Texas Lottery players while also directing callers to other internal and external sources if their questions are related to other subject areas. Helpline staff also communicate with retailers, lottery players and the general public via email and written correspondence. The department is responsible for tracking, routing and responding to correspondence, and for ensuring timely responses on matters directed to the agency, the executive director and the commissioners.

EXTERNAL CUSTOMERS & SERVICES PROVIDED

Retailer Licenses

The Retailer Services Department is also responsible for processing new retailer license applications and license renewal applications. Department staff enter and monitor retailer information; coordinate ownership transfers and lottery terminal moves; perform license terminations; perform retailer records maintenance; and evaluate retailer compliance with Americans with Disabilities Act (ADA) requirements. The department interacts daily with retailers on Electronic Funds Transfers (EFTs), including invoice amounts due, account adjustments, account reconciliations and final balances due. The department works with retailers who have experienced a non-sufficient fund EFT bank account sweep to ensure prompt payment. When appropriate, the department conducts collection and enforcement activities through the preparation of notices and evidence required for adverse licensing actions. The department tracks and manages delinquent retailer accounts using various collection methods, including bank account freezes, levies, cash register seizures and property liens.

Claim Centers

The agency's claim centers provide another point of contact for Texas Lottery customers in 16 locations throughout Texas. Claim center staff process ticket claims for payment; respond by telephone and in person to player and general public information inquiries; and conduct retailer site inspections for ADA compliance related to complaints.

IGT Retailer Hotline (800-458-0884)

IGT (formerly GTECH), contracted by the Texas Lottery to operate the games, provides support to retailers through the Retailer Hotline. Trained hotline operators provide retailers with 24-hour toll-free assistance seven days a week, with the goal of avoiding any interruption in sales. Hotline staff help resolve technical issues related to terminals and provide current information about scratch ticket games, draw games, promotions, system enhancements, procedural changes, terminal repairs and other operational issues.

Charitable Bingo Customer Service

CBOD staff assist licensees and the general public by providing information about the conduct and regulation of charitable bingo. In all interactions with licensees, the bingo-playing public, the Bingo Advisory Committee and the general public, CBOD staff strive for total quality customer service. This quality is achieved through the reduction of unnecessary procedures; the use of technology like the Bingo Operating Service System (BOSS) and Bingo Service Portal to provide better, faster responsiveness and less cumbersome service; solicitation of feedback from customers and Bingo licensees; and by making changes based on that input, where appropriate.

Charitable Bingo Customer Service Contact 800-BINGO-77 (800-246-4677) Email: (bingo.services@lottery.state.tx.us)

The toll-free number and email address are staffed by employees who can answer inquiries and provide assistance to both licensees and the general public on issues related to the regulation and licensing of charitable bingo in Texas.

Publications

The Texas Lottery regularly produces and distributes a wide variety of publications that provide information about the Texas Lottery, Texas Lottery games and corresponding rules, retailer strategies, charitable bingo and the agency's business practices.

Publications include the following:

- *Agency Strategic Plan* – a report that is required of all state agencies; it is produced every other year and provides a multiyear view of objectives and strategies for the accomplishment of agency goals and sets the direction for all agency operations. It is available in hard copy and on the Texas Lottery website at **texaslottery.com**.
- *Annual Report and Comprehensive Business Plan* – produced annually, the publication provides the Governor, legislators, oversight agencies, agency staff, citizens and other interested parties with financial information and an overview of operations which guide the lottery's major initiatives to ensure their cost effectiveness. The *Annual Report and Comprehensive Business Plan* is updated yearly to ensure the agency is meeting objectives for major lottery-related initiatives. It is available on the agency's website.
- *Report on Compliance Activity Monitoring* – a biennial report that provides information and analysis on complaints received by the Texas Lottery Commission related to violations of state laws and administrative rules under the agency's jurisdiction. It is available on the agency's website.
- "End of Game" Notices – notices that provide close dates and the last date that players can claim prizes for each scratch ticket game. The notices are provided to retailers, published in newspapers and are available on the agency's website. Notices provided to retailers are one-page printed flyers.
- "How-to-play" Product Brochures – informational brochures about the agency's draw games and how they are played. The brochures are available in hard copy, on the agency's website and on the Texas Lottery® App.
- Retailer Violation Bin Toppers – printed point of sale signage that is placed on the top of a scratch ticket dispenser with a message facing the clerk. The message reminds retailers to avoid common lottery violations and provides an example of the violation and penalties.
- *Minority Business Participation Report* – an annual report of the level of minority business participation in both the agency's contracts and the licensing of sales agents. It is available in hard copy and on the agency's website.
- Product Point-of-Sale Materials – game-specific marketing pieces displayed at retailer locations.
- "*PLAY RESPONSIBLY*" Brochure – an informational brochure available to players and retailers that affirms the Texas Lottery's core value of responsibility for educating players, retailers, agency and vendor employees, and the general public about responsible gambling. The brochure lists tips for

EXTERNAL CUSTOMERS & SERVICES PROVIDED

keeping play positive and provides contact information for resources for assisting anyone who may have a gambling problem. They are available on the lottery's website and print versions are at claim centers and retailer locations.

- *Retailer Manual* – a reference guide for licensed lottery retailers that includes Texas Lottery and IGT contact information, lottery policies and procedures, best practices and operational overview of lottery terminals. A Retailer Violations Penalty Chart with citations, examples and penalties also is included. It is available on the lottery's website and printed versions are provided to all licensed retailers.
- *RoundUp* – a monthly newsletter designed for and distributed to retailers throughout Texas free of charge. It is also available on the agency's website.
- *Where the Money Goes* – a graphic showing how each dollar from Texas Lottery sales is used and identifying the Foundation School Fund and the Fund for Veterans' Assistance as the recipients of revenue from Texas Lottery sales. The graphic explains that unclaimed lottery prize funds revert to other programs authorized by the Texas Legislature. It is available on the lottery's website and printed versions are distributed at claim centers and licensed retailer locations.
- *CBOD Director's Message* – a periodic newsletter for the bingo community that provides licensees important information about related topics such as education and training, important dates, and tips on operating successful bingo.
- *CBOD Biennial Report of Certain Charitable Bingo Financial Information* – a report that is required of the CBOD in accordance with Section 2001.060 of the Bingo Enabling Act. It is produced every even-numbered year and provides, for each of the preceding two calendar years, the total amount of adjusted gross receipts, the total amount of net proceeds, and the amount of net proceeds as a percentage of adjusted gross receipts, as reported by licensed organizations from their bingo operations. The report is available on the charitable bingo website at **txbingo.org**.

Internet Sites

The Texas Lottery website (**texaslottery.com**) provides the public, lottery retailers and the media with up-to-date information on the *Games of Texas*, from drawing results for the draw games to end-of-game notices for scratch ticket games. In addition, the website provides users with access to information about Texas Lottery governing rules and meetings, published reports, winners and news releases. Players can see drawings online (live and/or archived), check their numbers, enter second-chance drawings and get information about lottery scams. The Social Responsibility section includes information on Texas Alert Programs and provides retailers and consumers with responsible gambling resources for training and help with gambling problems.

More than 8.2 million visitors a month go to **texaslottery.com** for this news and information. Visitors may also email questions, comments and concerns directly to the Texas Lottery.

The Texas Lottery search feature, Retailer Locator, allows players to locate lottery retail locations by city or zip code and provides a map of each location. The Retailer Locator also allows players to find where

EXTERNAL CUSTOMERS & SERVICES PROVIDED

their favorite scratch ticket games are available for purchase. The feature was expanded to allow players to search for retail locations where they can access self-check equipment to check the winning status of lottery tickets. Users of the Retailer Locator may also search for lottery locations by smoking status, to determine if a particular retailer permits smoking inside the business.

In December 2020, the Texas Lottery launched a redesign of its website, featuring a fresh, modern design that incorporates the latest web technology, making site navigation across both web and mobile platforms more intuitive for its users. The update included an expanded layout for the latest draw games on the homepage and an all-new “Player Area” that houses popular resources for Texas Lottery® players.

In 2021, the Texas Lottery Commission’s website address shifted to **texaslottery.com**, replacing the txlottery.org domain. This transition was made in connection with the December 2020 launch of the agency’s redesigned lottery website. The move to **texaslottery.com** incorporated stronger brand recognition for the agency.

The Lottery Services Portal (LSP) website provides existing and potential Texas Lottery retailers with the convenience and efficiency of secure, online access to lottery reports and functions. LSP was designed with both current and potential retailers in mind by providing commonly used inventory and accounting reports as well as offering new reports and features. Licensed Texas Lottery retailers registered on LSP are able to log in and access robust functionality such as the ability to manage their LSP account and view/download reports on lottery sales, ticket validations, pack settlements and scratch ticket inventory. Retailers are able to renew their lottery sales license(s) online and submit changes to their current license information. Potential Texas Lottery retailers have the ability to apply online for a Texas Lottery sales license. Users benefit from a convenient message board on the LSP home screen where the Texas Lottery alerts users to any action they need to take in the licensing process.

The Texas Lottery introduced its first online retailer training tool, Lottery Learning Link in 2017. The free service to retailers was replaced in 2024 with Learning Wizard. The new service provides retailers access to courses comprised of video tutorials, hands-on exercises, reviews and assessments. Courses are designed to deliver supplemental training on key areas of retailers’ lottery business and does not replace required new retailer training classes. The Learning Wizard is an easy way for retailers to provide lottery information to new employees and quick reference on specific topics for everyone at their stores.

The Charitable Bingo website (**txbingo.org**) provides licensees and the public with access to the Bingo Enabling Act, Charitable Bingo Administrative Rules, interactive forms and applications, information on the Bingo Training program and online registration for the program, regional office locations, information on the Registry of Approved Bingo Workers, legal notices, bingo advisory opinions, frequently asked questions, and other important information. In the calendar year 2023, an average of 11,738 people visited **txbingo.org** each month to access information.

The Bingo Service Portal (BSP) allows licensees online access to important information related to the management of their licenses and required training, and allows bingo workers access to manage their worker registry information. Additionally, a variety of statewide reports and a bingo hall locator are available.

EXTERNAL CUSTOMERS & SERVICES PROVIDED

The CBOD also uses a social media platform (Facebook) to build a rapport with the followers and engage with the audience by providing prompt responses and communications.

Texas Lottery App

In 2016, the agency launched a mobile app providing a convenient platform to expand the public's access to Texas Lottery game information and to enhance the player support services. As of April 2024, there were approximately 3.1 million active app users. The app features "Check My Ticket" functionality providing an added layer of consumer protection as players can conveniently verify the winning status of tickets and the value of prizes on their mobile device. The Texas Lottery's app and social media initiatives do not offer ticket sales. All purchases of lottery games must occur at licensed lottery locations, including special events, or from a designated Texas Lottery claim center. The Texas Lottery does not propose enabling the sale of tickets over mobile devices or the internet. The agency will continue to focus on developing enhancements to the mobile app to provide increased information access and convenience to lottery customers while protecting the integrity of games and processes. Recent upgrades to the app have further enhanced player convenience and security by providing the ability to claim prizes from \$600 – \$5,000 via electronic bank transfer.

Social Media

Social media is at the forefront of the Texas Lottery Commission's efforts to reach and communicate with new and existing adult consumers. The Texas Lottery currently communicates with more than 318,000 followers about its products and events across a variety of social media platforms, including Facebook, X, Instagram, LinkedIn and YouTube. The Texas Lottery's media relations and advertising departments continue an agile approach of producing digital content in-house, which has resulted in an increase of high-quality and cost-friendly content being distributed on social media to support various product initiatives throughout the year. In 2018, the Texas Lottery also began posting lottery drawings to its YouTube channel, expanding the cost-effective ways in which the agency distributes its official lottery drawing programs. All content is monitored, and prompt responses are provided by the agency. Additionally, the agency uses social media as a tool to share the PLAY RESPONSIBLY message.

The Charitable Bingo Operations Division has an official Facebook account and a playlist on the Texas Lottery YouTube channel to share training and education opportunities for bingo licensees.

The Texas Lottery's social media platforms were developed in compliance with the Texas Department of Information Resources social media policy and guidelines. Official social media guidelines can be found on the Texas Lottery website.

II. INFORMATION-GATHERING METHODS

The table below summarizes the methods by which customer service data are collected. More detailed descriptions of each method follow.

METHOD	PURPOSE/IMPORTANCE	DATA COLLECTION TIME FRAME
A. LOTTERY PLAYERS		
DEMOGRAPHIC STUDY OF TEXAS LOTTERY PLAYERS	Meet statutory requirement. Provide independent measurement of citizen participation rates, the distribution and frequency of lottery play, and the demographic profiles of past-year lottery players and non-players.	Conducted every two years as required.
B. LOTTERY RETAILERS		
RETAILER SATISFACTION SURVEYS	Gather retailer opinions and measure retailers' satisfaction with services provided by the Texas Lottery and lottery operator.	Annually
QUARTERLY RETAILER SURVEYS	Query retailers on current issues related to Texas Lottery operations.	Quarterly
C. CHARITABLE BINGO		
BINGO CUSTOMER SATISFACTION SURVEYS	Gather licensee opinions and measure licensees' satisfaction with services provided by the CBOD.	Throughout the year

A. Lottery Players

Demographic Study of Texas Lottery Players

Texas Statute (Section 466.021, Texas Government Code) mandates that the Texas Lottery's executive director contract with an independent firm to conduct a demographic study of Texas Lottery players every two years. The Hobby School of Public Affairs at the University of Houston conducted the most recent state-mandated study, the *2022 Demographic Survey of Texas Lottery Players*, which was completed in November 2022.

Data Collection Time Frame/Cycle: Conducted every two years, typically beginning in the summer and continuing into fall of even numbered years.

Data Limitations: Based on a sample and subject to sampling errors that could skew results. All data are self-reported by the respondents, and results are dependent on honest, accurate reporting.

Number of Customers Surveyed: Approximately 1,700 per study. In 2022, a total of 1,685 self-reported players and non-players were surveyed.

Margin of Error: The margin of error is ± 2.4 percent for a sample of 1,685 at the 95% level of confidence.

Customer Groups Excluded: Persons without internet access.

Justification for Exclusion: Based on the Census 2022 American Community Survey 1-Year Survey, 93% of Texans 18 and older had an internet subscription.

B. Lottery Retailers

Retailer Satisfaction Surveys

The primary objective of these surveys is to measure retailers' interactions and overall satisfaction with various Texas Lottery and lottery operator support services and functions.

The Retailer Services Department of the Lottery Operations Division, in coordination with other departments, creates the survey questions and incorporates revisions annually. Prior to March 2020, retailer surveys were conducted in-person at retailer locations by Claim Center staff. In March 2020, the in-person survey process was stopped due to the COVID-19 pandemic. In FY 2021, the Texas Lottery instituted a new process to survey retailers annually via email using an internet-based survey tool. Utilizing email addresses provided by retailers, the survey is emailed to retailer owners and contacts. The survey includes questions measuring retailers' satisfaction with services provided by the Texas Lottery and the lottery operator. In addition, respondents are given the opportunity to request to be contacted about concerns or comments regarding any of their licensed locations. Texas Lottery and lottery operator staff follow up on these requests by contacting the retailers and providing any needed assistance.

Surveys are processed and the results provided to the Lottery's Retailer Services Department. Retailer Services compiles and maintains the resulting data and produces an annual report which is disseminated to lottery staff and the lottery operator.

Data Collection Time Frame/Cycle: Data is collected annually.

Data Limitations: The survey process is voluntary for the retailers. Some retailers surveyed may not have English as a first language. Some retailers may not have provided the Texas Lottery with a valid email address.

Number of Customers Surveyed: In FY 2023, the survey was emailed to 7,947 retailer owners and contacts. A total of 1,239 responses were received.

Margin of Error: While the retailer owners and contacts surveyed may represent more than one retailer location, a sample of 1,239 from a population of 21,025 retailers results in a margin of error of ± 2.7 percentage points at the 95% confidence level.

Customer Groups Excluded: Excluded retailers include those who refuse to participate in the survey, those who have not provided the Texas Lottery with a valid email address, those for whom there is a language barrier, and those who are not in operation at the time of the survey.

Justification for Exclusion: Retailer surveys are voluntary and are not a requirement for a licensed sales agent.

Quarterly Retailer Surveys

The Texas Lottery's monthly publication, *RoundUp*, provides retailers with news of featured draw game and scratch ticket game initiatives, the latest retailer incentive information, answers to frequently asked questions, and placement of point-of-sale materials. Quarterly, *RoundUp* includes a printed survey to query retailers on current issues related to Texas Lottery operations. These brief surveys typically consist of three questions. Since 2015, the surveys also are provided to retailers via lottery terminal messages. The combined low response rate results in the information collected via both survey methods being used mainly for directional purposes.

Data Collection Time Frame/Cycle: Surveys are printed in the retailer publication, supplemented by terminal surveys, quarterly.

Data Limitations: All data are self-reported. Data collection must rely on retailers' willingness to complete the survey, either the published or the terminal version and return it to the Texas Lottery. Because of limited space, surveys typically are limited to three questions. Response rates for the published surveys are low, with a typical survey resulting in less than 15 responses. The combined response rate for the *RoundUp* and terminal surveys is higher, ranging from 40 to 103 responses quarterly.

Number of Customers Surveyed: All retailers receiving *RoundUp* and/or who have a lottery sales terminal have the opportunity to respond.

Margin of Error: Not measured.

Customer Groups Excluded: Retail locations that only sell a limited range of lottery products in-lane without a lottery terminal and are not included in a lottery sales representative's visit cycle do not have access to *RoundUp* surveys. These retail locations do not receive the *RoundUp* newsletter as it is delivered to retailers that sell a full range of lottery products and that have lottery terminals. Retailers may exclude themselves because they do not read the publication, or they choose not to respond to the terminal survey.

Justification for Exclusion: Retailer response is strictly voluntary and is not a requirement as a licensed sales agent.

C. Charitable Bingo

Bingo Customer Satisfaction Surveys

The primary objective of this survey is to gauge licensees' overall satisfaction with various CBOD services and performance. The customer satisfaction survey asks customers to answer questions on a rating scale of 1-5 to track satisfaction over time. This helps the CBOD measure changes in satisfaction to determine the impact of implemented initiatives on customer satisfaction. The survey is included with every renewal application.

LEVELS OF CUSTOMER-DETERMINED QUALITY

III. LEVELS OF CUSTOMER-DETERMINED QUALITY

A. Lottery Retailer Satisfaction

The figure for retailer satisfaction in Table A is taken from Retailer Satisfaction Surveys conducted during FY 2023.

TABLE A

MEASURE	FY 2023
* RETAILERS SATISFIED WITH THE TEXAS LOTTERY	89%

* Retailer question: "Overall, how would you rate the services provided by the Texas Lottery?" Scale: Very Poor, Poor, Fair, Good, Excellent; Measure: Percentage of total responding "Excellent" or "Good"

B. Bingo Customer Satisfaction

Table B shows the figure for customer satisfaction as taken from Bingo Customer Satisfaction Surveys received in FY 2023. Respondents were asked to rate their level of satisfaction on a scale from 1 to 5, with 5 being very satisfied and 1 being very dissatisfied.

TABLE B

FISCAL YEAR	RESPONDENTS	PERCENTAGE SATISFIED WITH CBOD
2023	104	94%

* Percentage satisfied corresponds to the number of 4 and 5 ratings given divided by the total number of responses

C. Service Timeliness

The Texas Lottery's Retailer Services Department responds to customer contacts through the toll-free hotline. Hotline staff strives to maintain an average answer speed of 20 seconds or less. As shown in Table C, the goal for abandoned calls, when the caller hangs up before the operator answers, is to maintain an average speed of 20 seconds or less. The agency has made a concerted effort to minimize wait time by providing customers with applications and forms with clearly written instructions and a user-friendly design. Whenever possible, minimum processing time is published on the application or form.

TABLE C

MEASURE	STANDARD	PERFORMANCE
AVERAGE SPEED OF ANSWERING TELEPHONE	20 SECONDS	9 SECONDS
AVERAGE ABANDONED CALL SPEED (CALLER HANGS UP BEFORE ANSWERED) (1.6% OF ALL INCOMING CALLS ABANDONED)	20 SECONDS	10 SECONDS
PERCENTAGE OF INCOMING TELEPHONE CALLS ANSWERED IN 15 SECONDS OR LESS	80%	80%
AVERAGE RESPONSE TIME TO CORRESPONDENCE	2-5 WORKING DAYS	4 WORKING DAYS
AVERAGE RESPONSE TIME TO E-MAIL	2-5 WORKING DAYS	1 WORKING DAYS
AVERAGE CALL LENGTH	N/A	2 MIN., 24 SEC.

IV. ANALYSIS

A. Lottery Retailer Satisfaction

Eighty-nine percent of the respondents to the 2023 Retailer Satisfaction Survey rated the Texas Lottery's services as "Good" or "Excellent," and less than three percent rated them as "Poor" or "Very Poor." While the results from the 2023 survey demonstrated a high level of satisfaction with Texas Lottery and lottery operator services, the satisfaction level fell below historical levels. Prior to March 2020, this measure consistently rated at or above 95 percent "good to excellent." The 2023 performance was below this level likely due in part to the implementation of the online survey methodology reaching a largely different segment of retailer contacts compared to the in-person surveys. The Texas Lottery currently plans to continue using email and an internet-based survey tool for future satisfaction surveys.

In recent years, several initiatives have been implemented to provide enhanced customer service to licensed retailers. In 2015, the Texas Lottery launched the Lottery Services Portal (LSP) website, available to retailers at tx-lsp.lotteryservices.com. LSP provides existing and potential Texas Lottery retailers with the convenience and efficiency of secure, online access to lottery reports and functions, including the ability to submit license applications online. When a license application is submitted online through LSP, the user is now notified immediately that the application has been received. The Texas Lottery introduced its first online retailer training tool, Lottery Learning Link in 2017. The free service to retailers was replaced in 2024 with Learning Wizard. The new service provides retailers access to courses comprised of video tutorials, hands-on exercises, reviews and assessments. Courses are designed to deliver supplemental training on key areas of retailers' lottery business and does not replace required new retailer training classes. The Learning Wizard is an easy way for retailers to provide lottery information to new employees and quick reference on specific topics for everyone at their stores.

The implementation of player ticket self-check technology reduces retailer labor transaction time in processing ticket inquiries and validations by minimizing player questions about the prize amount of potential winning tickets. Additionally, Texas Lottery and lottery operator personnel continue to reach out to retailers in small group settings called Retailer Links meetings, held throughout the state each year, reaching retailers in more than 85 cities and towns in over 90 meetings from CY 2006 through 2023. Links meetings provide retailers the most current information on Texas Lottery policies and game initiatives, while offering an open forum for soliciting feedback and addressing retailer concerns. Retailers view these meetings as a positive means of furthering communication between the Texas Lottery, the lottery operator and lottery retailers. Social-distancing measures due to COVID-19 were implemented in 2020 and resulted in postponement of Retailer Links meetings until August 2022.

B. Bingo Customer Satisfaction

Though surveys consistently show a very high customer service rating, the management and staff of the CBOD strive to continuously provide and maintain high standards of customer service in all interactions with licensees and the general public.

V. PERFORMANCE MEASURE INFORMATION

A. Customer Service Providers and Standards

Texas Lottery Helpline

Communication specialists in Retailer Services strive to respond to general internet email messages within two business days and within five business days to messages requiring research to respond. Correspondence is answered within an average of five business days or less, and general requests for public information are processed within 24 hours.

Retailer license application procedures vary depending upon the type of business (independent, chain or corporate account) and according to the type of application.

Typically, a properly completed Texas Lottery Ticket Sales License Application will be completed within seven to 10 business days of receipt of the application in the Retailer Services section. The Electronic Funds Transfer (EFT) system connects retailer bank accounts with the Treasury Operations Division of the Comptroller of Public Accounts through an electronic computer network. It reduces retailer paperwork and streamlines the accounting process required to deposit Texas Lottery ticket sales revenue into the Texas State Treasury. EFT transfers are done weekly.

Claim Centers

Wait times for processing and issuance of prize payments vary depending on many factors, including but not limited to: the number of claimants in the lobby of a claim center; submission of accepted form of ID for proof of identity; completeness and accuracy of the submitted claim form; the condition of the apparent winning ticket; and/or any debts owed to the state of Texas by the claimant. Barring any problems with these items and once a claimant gets waited on by claim center staff, the standard wait time for a claimant to receive a prize check in a claim center is 10 to 15 minutes.

IGT Retailer Hotline

The goal of the Hotline operators is to answer 100% of incoming calls within an average of 45 seconds. Inquiries needing additional research are generally answered within two business days, or the appropriate party will be notified of any further delay within that time period.

Charitable Bingo

Wait times for processing applications and issuing licenses vary depending on many factors, including but not limited to: completeness and accuracy of the submitted application and required supporting documentation; existence of financial liabilities; existence of a pending compliance case; audits in progress; results of criminal background checks of individuals on the organization's bingo record; and the number of pending applications at time of receipt.

B. Complaint Processing

CAMP

The agency continues to receive, track, and address jurisdictional concerns from the public via the Compliance Activity Monitoring Program (CAMP), established in 2004. Awareness of the CAMP hotline is supported through placement of the toll-free 800 number on the website, in retail locations and in venues where bingo games are conducted. The Compliance Section of the Retailer Services Department is responsible for monitoring the life cycle of complaints and violations of the Bingo Enabling Act, State Lottery Act and administrative rules. The Compliance Section is a centralized intake unit for complaints, and monitors violations that are identified internally. Compliance staff is responsible for maintaining the standards set by the Texas Lottery relating to complaints.

An automated system has been developed which provides the ability to track all complaints and violations from initial intake or discovery to final disposition by allowing the Compliance Section to monitor the compliance resolution process as workflows between the Enforcement, Legal Services, CBOD, and/or Lottery Operations Divisions. The section maintains a comprehensive database on complaints, violations and disposition to facilitate trend analysis and reporting. The information allows the agency to make informed decisions relating to licensees by reviewing compliance history when considering license issuance and/or administrative action.

Communications Services

The Communications Services Section of Retailer Services receives customer and retailer questions and complaints, in both English and Spanish, via telephone, written correspondence, email, fax or in person. Communication specialists handle customer service complaints and concerns from Texas Lottery retailers and prospective retailers and customer service complaints, questions and concerns raised by players and the general public. The calls are routed to specific specialists based on caller input on the Interactive Voice Response system (IVR) of the agency telephone system. Periodically, one-on-one meetings with a complainant are held at the agency. Communications Services tracks, routes and responds to correspondence, and is responsible for ensuring timely responses on matters directed to the agency, the executive director and the commissioners.

IGT Retailer Hotline

Issues and concerns raised by retailers regarding stolen tickets, missing packs, ticket deliveries, equipment difficulties or other issues are resolved by Texas Lottery operator hotline staff, and may be handled by dispatching a technician to the retailer location or forwarding the issue to the appropriate Texas Lottery division for resolution.

Charitable Bingo

Jurisdictional complaints related to the conduct of charitable bingo in Texas are handled by the Compliance Section of the Retailer Services Department. A jurisdictional complaint is one in which the agency has the authority to interpret and apply the law in accordance with the Bingo Enabling Act or Charitable Bingo Administrative Rules. The process tracks and monitors the status of a complaint from the time it

PERFORMANCE MEASURE INFORMATION

is submitted through the final disposition. The centralized process enables the agency to identify problem areas of compliance activity and complaint trends.

When an increase in a particular type of violation or complaint is identified and the complaints or violations are determined to be valid, steps are taken to remedy the situation. Educational information designed to prevent the actions that initiate the complaints or violations are incorporated into the training program.

Complaints must be submitted in writing, and complainants are encouraged to submit complaints on an official Texas Lottery complaint form. The forms are available on the website at txbingo.org, from the regional offices, or by contacting the Texas Lottery by telephone, fax, email, or in writing. Once filed, complainants are informed of the status of their complaints every 90 days, or when the complaint case is closed.

C. Customer Service-Related Performance Measures: Lottery
