Players pick 3 single-digit numbers from 0 to 9 or a Quick Pick, and then choose a play type. There are 2 basic play types for *Pick 3*, Exact Order and Any Order. The FIREBALL add-on feature is selected at the time of purchase and doubles the cost of the board(s) played where FIREBALL is chosen. After the Pick 3 base game drawing, the Pick 3 FIREBALL number will be drawn separately from a set of 10 balls (0-9). To create FIREBALL winning combinations, the Pick 3 FIREBALL number is used to replace any one of the drawn Pick 3 numbers. Players can win a prize for matching any of the FIREBALL prize winning combinations, based on their selected play type and wager amount, in addition to any base game winnings. Player does not have to win the Pick 3 base game to win FIREBALL prize(s).

Day of Week Feature

This Advance Play feature allows players to choose what day of the week they wish to start playing. They can choose any of the 5 days/drawings after the current day/draw. Players may choose only 1 day. This feature can only be used on manually produced *Pick 3* tickets. It is not available on the playslip or app. Multi-Draw may be combined with the Advance Play feature.

Cancel Feature

Pick 3 tickets can be canceled at the issuing terminal on the same day, within 60 minutes of printing and prior to the draw break. *Pick 3* tickets cannot be canceled: after the draw break has occurred, when generated as part of *Lone Star Lineup*®, or if they were generated from a free ticket promotion. Retailer must retain canceled receipt and ticket for 30 days.

Multi-Draw

Players can choose the number of drawings they want to play with Multi-Draw. They may play their *Pick 3* numbers for up to 24 consecutive drawings. To play consecutive morning, day, evening and night drawings, players just select the desired number of drawings. QUICKTICKET and Receipt Tickets contain a barcode, just like other lottery tickets, that must be scanned at any Texas Lottery terminal for validating and paying prizes up to \$599. Remember only physical tickets are acceptable for validation.

- 1 Scan the ticket or insert it into the top of the reader; *OR* touch **Draw Game Validation** on the Home screen to validate.
- 2 Enter the ticket number using the **numeric** touchpad.

A Validation Confirmation screen displays and 2 receipts print automatically: Player Copy and Retailer Copy. Give players their copy.

4 Touch **OK** to return to the Home screen.
