

What is *Texas Triple Chance*™ and when do sales start?

Texas Triple Chance is the exciting, new daily game from the Texas Lottery where you get three *Chances* to win up to \$100,000 in each Play! Playing *Texas Triple Chance* is as easy as 1, 2, 3! One ticket, two dollars, three *Chances* to win!

Just stop by your favorite Lottery retailer beginning September 27, 2015, to purchase a ticket. The first *Texas Triple Chance* drawing will be at 10:12 p.m. CT on September 28, 2015. *Texas Triple Chance* drawings are Monday - Saturday at 10:12 p.m. CT.

Watch the Texas Triple Chance how-to-play video on our [How to Play page](#).

How much is each ticket?

A *Texas Triple Chance* ticket is \$2 per Play per drawing. You may purchase the same Play (three (3) sets of seven numbers) with Multi-Draw for up to 12 consecutive drawings.

How to play *Texas Triple Chance*:

- Each Play includes three *Chances** to win a prize. The three *Chances* will show as three separate rows of 7 numbers on a ticket.
- For **Chance 1**, pick 7 numbers from 1-55 or mark the “Quick Pick” box on the playslip and the terminal will randomly select your 7 numbers.
- For **Chance 2** and **Chance 3**, the 7 numbers will always be Quick Picks and will automatically print on the ticket.
- **Multi-Draw Option:** You may purchase the same Play (three (3) sets of seven numbers) for more than one drawing. Mark the appropriate “Multi-Draw” box to play up to 12 consecutive drawings.
- The Texas Lottery will draw 10 numbers from 1 to 55. The Top Prize can be won by matching all 7 numbers in any one *Chance* to the numbers drawn.
- If you match 3 or more numbers in any one *Chance*, **You Win a Prize!** You may win only one prize per *Chance* per drawing. You cannot combine numbers from different *Chances* to win a prize.
- In any drawing where the number of Top Prize-winning *Chances* is greater than ten (10), the Top Prize shall be paid on a pari-mutuel rather than fixed prize basis and a liability cap of \$1 million will be divided equally by the number of Top Prize-winning *Chances*.

| MATCH IN ANY ONE CHANCE | PRIZE | ODDS |
|-------------------------|------------|----------------|
| 7 | \$100,000* | 1 in 1,691,064 |
| 6 | \$500 | 1 in 21,474 |
| 5 | \$25 | 1 in 813 |
| 4 | \$5 | 1 in 68 |
| 3 | \$2 | 1 in 11 |

Overall odds of winning a prize in each *Chance*: 1 in 9.6. One Play offers three *Chances* to win. Overall odds of winning a prize in a Play: 1 in 3.6. You cannot combine numbers from different *Chances* to claim a prize.
*In any drawing where the number of Top Prize-winning *Chances* is greater than ten (10), the Top Prize shall be paid on a pari-mutuel rather than fixed prize basis and a liability cap of \$1 million will be divided equally by the number of Top Prize-winning *Chances*.

*A *Chance* is an opportunity to win, so you can win up to three times in each Play.

How does *Texas Triple Chance* benefit Texas?

As with all Texas Lottery® Draw games, proceeds from *Texas Triple Chance* ticket sales are transferred to the Foundation School Fund to benefit public education in Texas. Each year the Texas Lottery generates well over \$1 billion dollars for public education
